Sales and Data App. £99* +VAT

As you know, collecting, grading and following up great leads is what exhibiting at **Natural & Organic Products Europe** is all about. The only problem in the past is that they have been expensive and with limited capability. However, by including all exhibiting companies on a group deal, which means everyone will be included, we have managed to negotiate a very special price for the **data app**. It's a fantastic tool which automatically enables you to scan, grade, take photos, record voice memos and loads more, all linked to the customers you meet on you stand. Make the most of it – it really can make the difference between a good or an amazing show!

*Added to all contracts, additional apps available at £59 each.
